- **Tools & Platforms:** Git, REST APIs, Postman

CERTIFICATIONS

- **Java Concepts** – Udemy
- **MySQL** – Infosys Springboard
- **Spring Boot** – Infosys Springboard
- **React JS** – Udemy
- **Python** – Udemy
- **Networking** – Udemy

ABOUT ME

- Full-stack developer passionate about building efficient, scalable, and user-centric web applications, with strong debugging skills
- Fast learner with a strong ability to quickly adapt and continuously learn new technologies and tools to stay current in web development.
- Seeking opportunities to collaborate with teams focused on innovation and impactful solutions.

INTERNSHIP

IZEON INNOVATIVE PRIVATE LIMITED | FRONTEND INTERN

- Built a responsive static website for a fictional fruit shop, enhancing brand presence and demonstrating frontend design principles.
- Learned best practices in UI/UX design, layout optimization, and web accessibility while collaborating with a professional design team.
- Tech Stack: HTML, CSS, Javascript, GitHub
- [GitHub] [Live Demo]

PROJECTS

ONLINE BOOK STORE | SPRING BOOT, JAVA, MYSQL, HTML, CSS

- Built a full-stack Online Book Store web application that allows users to browse, search, and purchase books with secure login and admin features.
- Gained hands-on experience in designing RESTful services, handling backend logic, and integrating frontend with backend using the MVC pattern.
- Tech Stack: Spring Boot, Java, MySQL, HTML, CSS, JavaScript, Apache Tomcat
- [GitHub]

CHRONOGIFT | REACT + TYPESCRIPT, NODE.JS, MONGODB, RENDER

- A digital platform where users can upload content and set a timer and passcode to unlock it later.
- Learned full-stack development, state management, and secure data handling with time-based access.
- Tech Stack: React, TypeScript, Node.js, Express, MongoDB, Vite, Render
- [GitHub] | [Live Demo]

ACHIEVEMENTS

- Solved 250+ Algorithmic Challenges in LeetCode
- Secured Third Prize in Code-A-Thon at Chennai Institute Of Technology
