## EDUCATION

- **Vel Tech Multi Tech Engineering College**
  B.E – Computer Science
  CGPA: 8.02, Batch: 2026

- **87%** in SSLC, Batch: 2022

- **96%** in HSLC, Batch: 2020

## CORE CONCEPTS

- Data Structures and Algorithms
- Object-Oriented Programming (OOP)
- Linux Operating System
- Networking
- UI/UX Principles
- Database Management Systems (DBMS)

## TECHNICAL SKILLS

- Python, Java, C, C++, JavaScript, HTML/CSS, Golang.
- React.js, Node.js, Express.js, Flask, Spring Boot.
- MySQL, MongoDB.
- Git, REST APIs, Postman.

## SOFT SKILLS

- Team Collaboration, Open to feedback.
- Problem Solving, Critical Thinking.

## CERTIFICATIONS

- **Java Concepts** – Udemy
- **MySQL** – Infosys Springboard
- **Spring Boot** – Infosys Springboard
- **React JS** – Udemy
- **Python** – Udemy
- **Networking** – Udemy

## OBJECTIVE

- Results-driven full-stack developer with a passion for delivering high-quality, user-centric web solutions.
- Apply thorough testing and quality assurance to ensure reliable and error-free software delivery.
- Strong team player who communicates effectively and thrives in collaborative settings.

## INTERNSHIP

**IZEON INNOVATIVE PRIVATE LIMITED** | FrontEnd Intern

- Build **responsive**, user-friendly full-stack web applications using HTML, CSS, JavaScript, and SCSS.
- Focus on **clean design**, security, and teamwork to deliver efficient, scalable digital solutions.
- **Visit:** [GitHub] [Live Demo]

## PROJECTS

**ONLINE BOOK STORE** | Spring Boot, Java, MySQL, MVC, HTML

- Developed a secure **full-stack** Online Book Store enabling browsing, searching, purchasing, and admin management.
- Designed **RESTful** services and integrated frontend-backend using the **MVC** architecture for seamless functionality.
- **Visit:** [GitHub]

**CHRONOGIFT** | React + TypeScript, Node.js, MongoDB, Render

- Built a digital platform for timed, **passcode-protected** content access.
- Gained experience in full-stack development, state management, and **secure data** handling.
- **Visit:** [GitHub] | [Live Demo]

## ACCOMPLISHMENTS

- Secured **Third Prize** in Code-A-Thon at Chennai Institute Of Technology.
- Solved **350+** Algorithmic Challenges in LeetCode
- Ranked **1,433/734,574** Participants in Weekly LeetCode Contest.
- Delivered a talk to 100+ attendees on **Snowflake** Data Warehouse concepts and workflows.
- Delivered a focused **session** on Object-Oriented Programming to 80+ attendees.
